

Classics Illustrated #5: Hamlet (Classics Illustrated Graphic Novels)

William Shakespeares Hamlet is one of the most revered and loved plays of all time. The story of a young man who strives to avenge his fathers death has been performed and read constantly ever since it first debuted at Londons Globe Theatre over four hundred years ago. Madness, family, and revenge are only a handful of the universal themes found in this tale that still hold great meaning to us today. Artist Tom Mandrakes art combined with Steven Grants adaptation truly realizes the dark nature of this story. Each character from Laertes to Rosencrantz and Guildenstern is recreated in this adaptation in a truly unique form, making it a wonderful graphic novel for readers old and young alike.
