

Status Review Update for Pacific Salmon and Steelhead Listed Under the Endangered Species ACT: Southwest Report to the Nmfs Southwest and Northwest Re

In the 1970s the National Oceanic and Atmospheric Administration (NOAA) was made to manage our oceanic and atmospheric resources. The Southwest Fisheries Science Center is the research arm of NOAA's Southwest Region. Scientists study all areas from the Pacific Ocean to the Antarctic to make sure that the ocean and animals in it stay healthy and safe.
